

Exclusively Cats Yearly Calendar

Submit photos of your cat/cats to photos@exclusivelycats.com and your cat could be featured in next year's calendar!!

****We ask that you please limit your submissions to no more than 5 photos per household.**

****Also we ask that all photo submissions be of our patients only!** We have a large number of clients, many have multiple cats in their home and we want to do our best to make sure that our clients get every opportunity to have their cats selected.

****We also ask that all photos submitted be of patients that we have seen within the last year.**

Photo submission requirements

****All photos must be e-mailed in .JPG and landscape format.**

****All photos must be no less than 300 PPI (pixels per inch) at a size of 8x10. If your photo is submitted in a size smaller or larger than 8" x 10" we will need to adjust the size and this will change the resolution of the photo. If the photos are less the 300PPI at a size of 8"x10" OR after they are modified to a size of 8"x10" they can appear blurry and/or distorted.**

****Please be sure to label your submissions with your cat's name and your name so we know who you are! ☺ We have many clients and many more patients; this will ensure there is no confusion when it comes time to select the photos.**

We will collect photo submissions from January 1, 2011– September 1, 2011.

Once we have collected all of the submitted photos that meet the above stated requirements, they will be voted on and narrowed down to the top 12.

We know how important your cats are to you! We would love to include everyone's special friends, however we only have 12 months to work with. Due to this fact, and the volume of photo submissions we receive, we ask that you please be understanding if your cat's photo is not selected this year.
